SASA stands with the list of endorsers and demands the following Asks be agreed to by the UCSB administration:

UCSB resources must work on practices to make students feel safe, supported, and important. This may include, but is not limited to, quicker access to appointments, being provided with unbiased information on all next-step options, and not being discouraged from or encouraged to pursue any one option.

All campus resources [CACSW, Title IX, CARE, CAPS, OMBUDS, Women Center, UCPD] be required to attend an open town hall at the beginning of each quarter of the academic school year for students to voice their questions and concerns. The timing of this event must be scheduled by SASA and will be at a time that is optimal for student schedules (after 5pm). The town hall would last at least two hours and the date of the event would be provided at least two weeks in advance.

UCSB must provide SASA with the funds to organize a campus-wide campaign regarding affirmative consent.

The UCSB Title IX office must provide an annual Public Accountability Report as modeled by the UCLA Title IX office.

UCSB must create a paid position for a SASA member to organize an hour long conversation about consent and sexual violence. This presentation would act as its own subsection of Gaucho FYI and replace the Gaucho FYI content on consent and sexual violence.
